JABAL AL MARIFA INTERNATIONAL SCHOOL

**The best in British Education,
coupled with Omani values.**

FROM AGE 3

ARTEMIS
EDUCATION

A WORLD OF POTENTIAL

In August 2026, Jabal Al Ma'rifa International School will open its doors in Muscat on a stunning 45,000m² campus. As part of the Artemis Education family, we bring the expertise of our sister schools across the Gulf and Europe to create a purpose-built environment where learning thrives.

From the age of three, students will embark on a truly British international education, thoughtfully interwoven with Omani culture and heritage, inspiring curiosity and creativity while our exceptional facilities provide limitless opportunities for exploration, innovation and dreaming big.

“ As we prepare to open our doors, I am filled with excitement and purpose. Every child at Jabal Al Ma'rifa will be known and celebrated as an individual, inspired by the curiosity and rigour of the British curriculum, and grounded in the values and heritage of Oman. I cannot wait to welcome our founding students and parents as we begin this remarkable journey together. ”

Mr Sheldon Smith
Founding Principal

WHY JABAL AL MA'RIFA?

We know that choosing the right school for your child is one of the most important decisions that you will make in your life as a parent.

THE BRITISH SYSTEM

Recognised worldwide as the gold standard in educational excellence, British education seeks to instil learning through a hands-on, practical approach, encouraging students to question knowledge and probe to ensure depth of understanding.

EYFS & PRIMARY SCHOOL

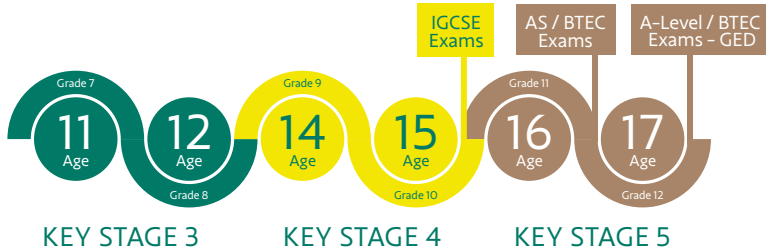

In our Primary school, our Cross-Curricular learning approach engages students to learn through first-hand experience, using the classroom and outdoor spaces to provide continuous provision. The foundations of our educational model are set-up to allow a progressive and play-based exploratory journey throughout the Primary phase.

Textbooks complement technology and from the foundations of reading and writing through to Maths & Science lessons, learning centres around visual cues to ensure that it is a deep journey of self-discovery.

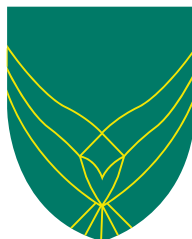

SECONDARY & SIXTH FORM

As the school grows organically year-on-year, our Secondary Department will open and continue to offer a rigorous and broad British education using the Cambridge International Curriculum framework.

Specialist facilities and dedicated learning spaces will culminate to offer the prestigious International General Certificate of Education (IGCSEs) and for students that wish, they can progress to Advanced Level Studies (A Levels), Business & Technology Education Council (BTEC) or the Omani General Education Diploma (GED).

The above graphics are used as a reference point for age upon entry guidelines. However, depending on the country and curriculum where the child comes from, these may vary. We refer to the local Ministry of Education guidelines to ensure accuracy when allocating children to the appropriate Grade.
